Erin,

We are trying to get some real disposal costs so we'll need to send some of the analytical data. Are you okay with that? We can note that the information is confidential.

Thanks,

Mike

Subject: Des Moines TCE - Analytical Data

Hi Mike,

I heard back from Clean Harbors regarding disposal for the Des Moines TCE project. They have requested the analytical data. Is it ok for me to send them the attached files? I didn't see excel files for the dioxin data, so I extracted the pages from the full lab reports that showed just the data. Also, I assume we don't need to send them the soil, sediment, or surface water data as we are not disposing of those with the demolition of the buildings.

Thanks!

Danielle
